MEMORANDUM FOR: THE RECORD

SUBJECT: K-20 Cameras, Overhaul, Repair, Remodification

50X1

1. Time and Place of Meeting: 27 and 28 September 1955 at Photomechanisms, New York.

2. Attendance:

APD
Photomechanisms

50X1

3. Discussion:

a. The four (4) K-20 cameras used on Project were returned to Photomechanisms, Inc., on 28 September 1955.

50X1

b. was briefed regarding the unsatisfactory performance of these cameras during operation

50X1
50X1

c. will inspect the cameras and then propose changes and remodifications. He will submit his recommendations for approval before authority for this work will commence.

50X1

d. There was no time limit agreed upon at this meeting for Photomechanisms to submit a proposal for changes because it is the feeling of both Photomechanisms and the undersigned that if they are given ample time they no doubt can make the necessary changes whereby these cameras will operate in a reliable manner.
